##### **PUBLIC WORKSHOP #1**

**Tuesday, January 23, 2007, 7:00 – 9:30 PM**

**Town Hall Auditorium**

The Town adopted its first ever Comprehensive Plan in 2005 and is actively implementing its recommendations. One of these recommendations is to develop a Local Waterfront Revitalization Program (LWRP) to further refine the Town's future vision for this important corridor. The riverfront corridor contains a substantial amount of undeveloped and environmentally sensitive lands and extends almost ten miles from the City of Albany to the Town of Coeymans. The LWRP will establish a series of policies related to further growth in the corridor. This meeting will provide interested citizens with an opportunity to provide input to the Town regarding the future vision for this corridor. It will also be an opportunity to identify and refine waterfront issues and opportunities that were identified during the comprehensive planning process.
