

# 2017 – 2021 Tentative Capital Plan

## Five Year \$52.5 Million Plan

Capital Investment and Funding Sources

Michael Cohen, CPA, Town Comptroller  
Paul Penman, PE, Deputy Commissioner of Public Works  
Cherie Gitto, Chief Accountant

# Process

- **Mission: “To meet goals and emerging needs within a sustainable financial plan”**
- **Evaluated effect on out-year operations, debt limit and reserves**
- **Only projects and equipment that are considered essential are identified in the capital plan**
- **Identified the most appropriate means of financing sources from operations, capital reserves, parkland set aside, debt and grants**
- **Leveraging grants, using alternative funding and strategies to subsidize costs allows us to rely less heavily on both debt and taxes**

# Major Projects (>\$1M)

- Renovate Adams Street Garage for use by ambulance/EMS & DPW (\$2.8M)
- Court Security/ Police Station renovations (\$2.25M)
- Annual Street Paving (\$4.1M/\$1.7M Grant)
- Highway Equip. Replacement (\$2.2M/\$435K Ops)
- Delaware Ave Streetscape (\$3.1M/\$1.3M Grant)
- Clapper Road Water Treatment Plant (\$12M)
- New Salem Water Treatment Plant (\$3.7M)
- Water Mains replacement/looping (\$3.2M)
- Rehab Water Storage Tanks (\$1.5M)
- Sewer Pump Stations replacement/rehab (\$3.3M)
- Sewer Lines relining/rehab (\$1.25M)
- Dam Safety NYSDEC mandate (\$1.4M)

# EMS/Public Safety

- **Renovate Adams Street Garage for use by ambulance/EMS, DPW (\$2.8M)**
  - Town responsible for Ambulance/EMS, handled via contracts with DBEMS & Albany County
  - Need to vacate leased space at Delmar Fire
  - Permanent improved facility will also house DPW-Sewer Department & Training/Meeting Space
- **Court/Police Station renovations for security, prisoner handling, other needs (\$2.25M)**

# Sidewalks – New Projects, Repairs & A Long-Term Approach

## New Projects

- Krumkill Rd – Blessing to Clifton Way (\$35K, 2017)
- Glenmont Road – 9W to Vagele (\$160K, 2018/19)

## Existing:

- Completing this year
  - Delmar Place/Fernbank Ave
- Going to Construction in 2017
  - Delaware Ave Streetscape (more than a sidewalk)

## Modified Plan

- Feura Bush Road/Murray
  - Complete Elsmere to Murray Section
  - Add section on Murray (to Bypass)

## Long-Term Approach:

- Increase Annual Repair Funding to \$50K/\$250K in 5-yr Plan
- Regular Condition Assessment
- ADA Accessibility Transition Plan
- Seek Grant Funding for Additional Projects
  - Feura Bush to Elm Ave Park
  - Kenwood from Adams Street to Slingerlands
  - 9W to Glenmont School

# Moving away from Borrowing to fund Regular Recurring Costs

- In 2009, under budgetary pressure, the Town began borrowing to cover annual paving costs, (\$780K).
- Subsequent years focus on fiscal reform led to consensus that we should not borrow for regular annually recurring expenses.
- In 2012, began to move away from annual borrowing for these costs.
- In 2018, town will pay for asphalt entirely through current resources.

- **NEW THIS YEAR:** In a similar change, in 2017 the Town will begin reducing reliance on debt for replacement of aging water mains; with the expectation that by 2023, these will be fully funded by current resources.

# Debt Limit

- In New York State, debt limits constrain the amount of debt local governments can incur
- Towns face a statutory limit on debt which is a percentage of the full value of taxable property
  - Calculated on a five-year average full value; debt for water supply/distribution is excluded as well as board approved sewer exclusions.
- Estimated percentage of debt limit used (based on Capital Plan as presented):
  - 2016 – 4.08%
  - 2017 – 5.12%
  - 2018 – 6.05%
  - 2019 – 7.34%
  - 2020 – 7.08%
  - 2021 – 7.49%
- Bethlehem's debt limit situation is very positive
- Our financial advisor's opinion is that we are below the average of most Towns.
- Nowhere near the State Comptroller's warning threshold.

# Conclusion

- The Capital Plan is updated each year, and while not officially adopted by the Town Board, it provides a vehicle for mapping out our needs and expectations.
- The Capital Plan does not by itself authorize projects or spending, all of which must be authorized in budget appropriations, bond resolutions or other actions. Our Plan meets and exceeds the State Comptrollers' recommended practices.
- In this year's Capital Plan the Town is taking on a number of long-standing projects, and accordingly there will be budgetary impacts. Our multiyear budget projection process provides a way to do so.
- As in previous years, there are projects discussed and considered but not on the plan specifically, pending further developments or funding availability. These include:
  - Henry Hudson Shoreline (\$3.7M)
  - Highway Garage Expansion (\$2.1M)
  - DPW – unified Water and Sewer Field Operations Facility
  - Town Road Reconstruction/Intersection Projects: North Street (\$475K); Weisheit Road; (\$300K); Wemple & River Road Intersections (\$500K)
- We continue work w/ NYSDOT on state road issues, e.g., 9W/Feura Bush Intersection
