SWIMMING POOL EXCAVATION FORM and ON SITE POOL LAYOUT

The contractor installing the pool shall provide a pool layout at the site. The site layout will be inspected before a permit is approved. A fee of \$150.00 will be assessed by the Town Engineering Division for the issuance of an erosion and sediment control permit (required for all in-ground pools).

Pool Address Information

Name of pool owner: _____

Address of pool installation _____

Contractor Information

Name of contractor: _____

Address of contractor _____

Phone number: _____

Email Address: _____

(Contractor Name) _____

(circle one) will/will not remove from the premises any excess fill generated from the excavation of pool. If said fill is to be taken anywhere within the Town of Bethlehem, **(contractor name)** _____ will seek approval of the Building Department prior to excavation.

A grading plan showing the existing and proposed finished grade must be submitted at the time of swimming pool permit application. Any remaining fill will be graded in a manner so as to not adversely impact existing drainage to adjacent properties.

Signature: _____ Date: _____
