

TOWN OF BETHLEHEM

STORMWATER MANAGEMENT CERTIFICATION FORM

PART B – INSPECTIONS DURING CONSTRUCTION

Instructions: To be submitted after filing a NOI and prior to commencing construction activities

Developer/Applicant Certification Statement:

I hereby certify that I have filed a Notice of Intent (NOI) for the project identified below, all federal, state, and local permits required for the project named below have been obtained prior to the commencement of construction activities, and that I agree to comply with the terms and conditions of the New York State Department of Environmental Conservation (NYSDEC) State Pollutant Discharge Elimination System (SPDES) General Permit for Stormwater Discharges from Construction Activity (*GP-0-08-001*), or as modified/updated, and with Chapter 98 of the Code of the Town of Bethlehem.

I fully understand that it is my responsibility to ensure compliance with both *GP-0-08-001* and Chapter 98 for all of the contractors and subcontractors operating on the project named below.

Furthermore, I understand that certifying false, incorrect or inaccurate information is a violation of the referenced permit and the laws of the State of New York and could subject me to criminal, civil and/or administrative proceedings.

For projects required to have a Qualified Inspector:

I certify that a *qualified inspector* has been retained by me and that immediately following the commencement of construction, site inspections shall be conducted by the qualified inspector in accordance with the terms and conditions of *GP-0-08-001* and Chapter 98 of the Town Code for the duration of the permit coverage. I fully understand that *qualified inspector* means a person that is knowledgeable in the principles and practices of erosion and sediment control; such as a licensed Professional Engineer (PE), Certified Professional in Erosion and Sediment Control (CPESC), Registered Landscape Architect (RLA), or other Department endorsed individual(s).

I fully understand that the inspections of all post-construction SMPs with structural components may only be performed by a professional engineer licensed to practice in the State of New York.

STORMWATER MANAGEMENT CERTIFICATION FORM

PART B – INSPECTIONS DURING CONSTRUCTION

Instructions: To be submitted after filing a NOI and prior to commencing construction activities

Qualified Inspector Certification Statement:

Use this form only for projects required to have a Qualified Inspector:

I hereby certify that the site inspections shall be conducted under my direction and/or supervision in compliance with the terms and conditions of the New York State Department of Environmental Conservation (NYSDEC) State Pollutant Discharge Elimination System (SPDES) General Permit for Stormwater Discharges from Construction Activity (*GP-0-08-001*) or as modified/ updated, and with Chapter 98 of the Code of the Town of Bethlehem.

Furthermore, I fully understand that *qualified inspector* means a person that is knowledgeable in the principles and practices of erosion and sediment control; such as a licensed Professional Engineer (PE), Certified Professional in Erosion and Sediment Control (CPESC), Registered Landscape Architect (RLA), or other Department endorsed individual(s).

I fully understand that the inspections of all post-construction SMPs with structural components may only be performed by a professional engineer licensed to practice in the State of New York.

I have reviewed the SWPPP prepared for this project, and certify I understand my responsibility as the *qualified inspector*. All site inspections shall be conducted in accordance with *GP-0-08-001* and Chapter 98. All inspection reports will be signed by me and, when applicable, by my supervisor and will be submitted to the Town no later than 48 hours after the inspection date.

Furthermore, I understand that certifying false, incorrect or inaccurate information is a violation of the referenced permit and the laws of the State of New York and could subject me to criminal, civil and/or administrative proceedings.
