##### **Vision**

Residents and visitors in Bethlehem live and work in a sustainable community that has a diversity of transportation options, and they routinely choose bicycling and walking for safe and efficient transportation and as a healthy option for recreation.

##### **Mission**

The PaTHs 4 Bethlehem Committee is a resource that effectively uses a 5E approach (*Engineering, Education & Enforcement, and Engagement & Encouragement*) to advise the Town, educate the community, and advocate for opportunities to improve mobility and connectivity for bicyclists and pedestrians.

##### **Goals**

###### **Engineering**

Bethlehem offers safe and efficient infrastructure to ensure accessibility, connectivity, and mobility for bicyclists and pedestrians

###### **Education & Enforcement**

The Bethlehem community is aware of and actively exhibits safe bicycling, walking, and driving behavior. A share the road approach is respected among all travel modes and reinforced through enforcement of traffic laws.
