

# 'PUMPKIN SMASH' COMPOST BASH!

## ***The Town of Bethlehem's First Annual Cider, Selfies & Pumpkin Composting***

*After Halloween, compost your left-over pumpkins and gourds!*

**Saturday, Nov. 5, 8:00 AM – 4:00 PM**

**Town of Bethlehem Compost Facility**

(Just 2 miles south of Elm Ave Park)

1244 Feura Bush Rd (Rte 32), Selkirk NY 12158

***NOTE: Please remove all candles, etc. Natural pumpkins and gourds only.***

You may be done with your Halloween Jack-o-lanterns, pumpkins and gourds on 10/31, but the earth isn't!

The only thing spookier than these decorations on Halloween is the methane they would produce if landfilled (methane is a powerful greenhouse gas)! So join our first annual "Pumpkin Smash" at the Town Compost Facility.

Have fun, drink cider, and take a family selfie while smashing 'Jack' back to the earth to help us make some compost. That compost can help grow more pumpkins next year!

***HOW FAR WILL YOUR PUMPKIN FLY  
WITH OUR GIANT CATAPULT?!!***
